### Scientifically Proven

Red light therapy works based on 4 principles

- 1 **Noninvasive Acupuncture** (Bioenergetics)
- 2 **Muscle/Fascia Relaxation/Repair** (stimulates collagen production)
- 3 **Cellular Regeneration** (accelerates cellular recovery time by 60-80%)
- 4 **Anti-Viral**

The Photonic Health Red Light emits red light within a very specific therapeutic range. When cells are healthy, they vibrate at an optimum level. When a cell is damaged or diseased, the vibration level is decreased. The application of the Photonic Health Red Light mimics the vibration level of a healthy cell and activates mitochondrial activity.

Brooke has returned to her happy and playful self! We are so grateful for the red light, it saved our sweet dog.

"9 Year Old Hanovarian gelding collided with a post while playing. You can't even see the scar today if you didn't know it was there."

- Dr. Mette L.

"Cats LOVE this light. I saw a cat for an acupressure/red session that was diagnosed with Petal Paw, an autoimmune disease. This along with supplements is greatly improved the health of this cat and he is no longer on prednisone."

- Deb T.
